

## G&S Employees Volunteer at the Samaritan Center

*Syracuse, NY, January 27, 2010—*

Green & Seifter Attorneys joined together with Green & Seifter CPAs for an afternoon of community service at the Samaritan Center in downtown Syracuse. A group of twenty five employees, including attorneys, accountants, and support staff, spent the afternoon serving up meals, washing dishes, and interacting with visitors to the Samaritan Center. In addition to serving 200 meals, entertainment was provided by the local band, Folkstrings, headed up by legal's own Bill Hider, Business Manager. The group arrived with boxes of socks, mittens and hats that were collected in the office over the past month. The employees of the firm are sponsoring the cost of the meal through money collected at the firms' January Jeans Day where employees donate \$5 for the privilege of wearing jeans to work on a designated Friday.

This community outreach is part of an ongoing, employee initiated program supported by the management committees of both firms. Each month a different charity is selected by the Volunteer Events Committee based on employee recommendations and affiliations. Last year, the committee donated over \$3750 to local charities.
